Should any component be missing, please call the Customer Care Department on **0330 005 2233**

Installation & Assembly

You'll need these basic tools:

Safety Recommendation

Only use a Step Ladder to install this product. DO NOT over reach. Always move the Step Ladder so that you are in a safe working position. DO NOT hold or lean on the pole to support your weight.

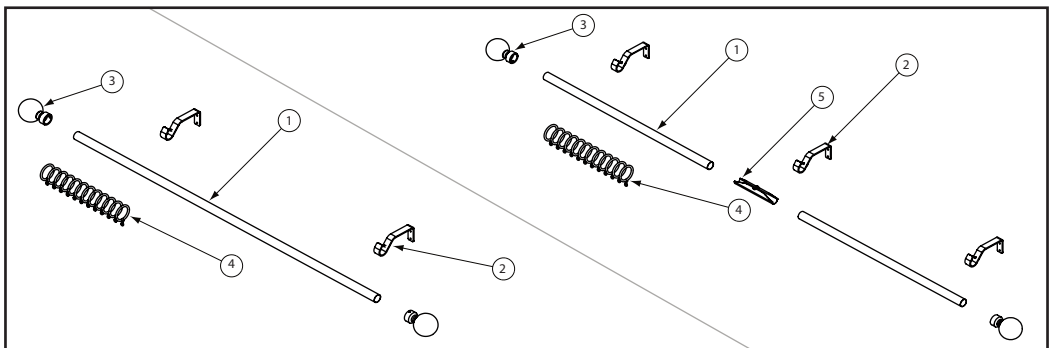

We recommend you use two people for installation of larger poles.

Take care when using power tools, use of a Residual Current Device (RCD) is recommended. Always use eye protection when drilling. Beware of hidden pipe runs and cables.

No liability will be accepted for damage or injury caused by incorrectly installed or assembled product.

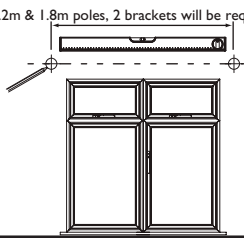

PLEASE KEEP OUT OF THE REACH OF YOUNG CHILDREN. SMALL PARTS - CHOKING HAZARD

PLEASE KEEP THESE INSTRUCTIONS AND THE BATCH CODE ON THE PACKAGING FOR FUTURE REFERENCE IF ANY QUERIES

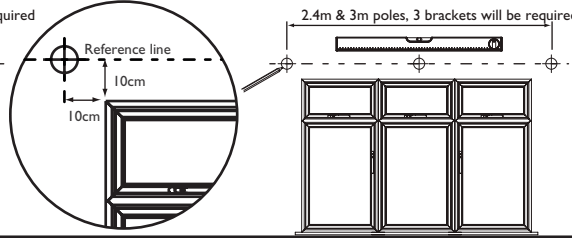

Measure the windows

1.2m & 1.8m poles, 2 brackets will be required

2.4m & 3m poles, 3 brackets will be required

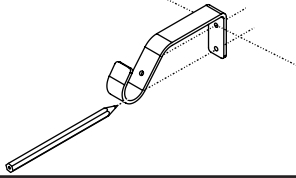

1

Measuring the bracket hole position

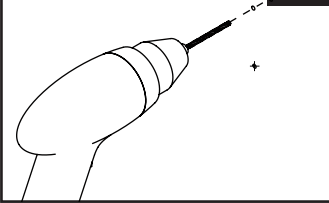

Reference line

2a

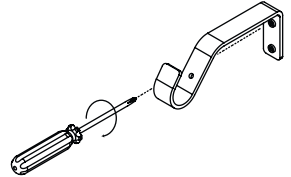

Drill the hole and fit the correct plugs if fixing on masonry wall

2b

Fix the brackets

2c

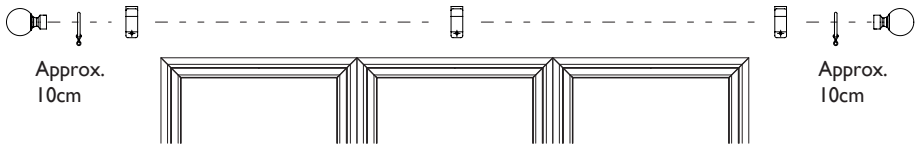

Calculate the length of the pole

d1

d2 (distance between end brackets)

3

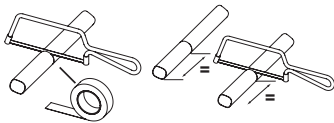

Approx.
10cm

Approx.
10cm

$$d1 + d2 + d1 = \text{Pole Length}$$

Cut the pole to the calculated length

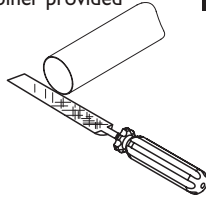

4

When using 2 poles, cut equal length from each pole

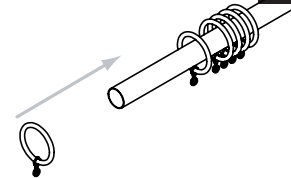

File the cut edges & join the poles if required using the pole joiner provided

5

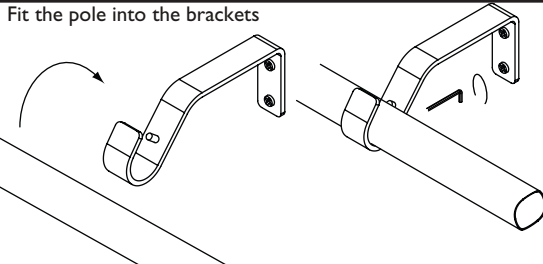

Slide on the rings, ensuring an equal amount each side (leaving 2 rings aside)

6

Fit the pole into the brackets

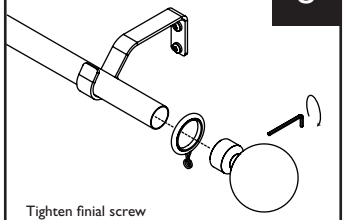

7

Tighten screw

Fit the finial (place the remaining ring between the brackets and the finial)

8

Tighten finial screw
